

# SNAP for Senior & Disabled Households

The Supplemental Nutrition Assistance Program (SNAP—formerly Food Stamps) is our nation's most important anti-hunger program, providing monthly benefits to purchase food at grocery stores, bodegas, and farmers' markets for individuals and families.

## New York provides multiple pathways to SNAP participation for seniors (age 60+) and people with disabilities.

### **Elderly Simplified Application Project (ESAP) and NYS Combined Application Project (NYSCAP)**

ESAP and NYSCAP are special projects designed to improve access to SNAP for seniors and people with disabilities. Each program has specific eligibility requirements.

Seniors and people with disabilities who have no earned income and live in households where all adults are 60 and over and/or disabled can qualify for ESAP. Participants receiving SNAP under ESAP benefit from a simplified application, a longer certification period, and fewer recertification requirements.

Seniors and people with disabilities who live alone and receive Supplemental Security Income (SSI) are automatically enrolled in NYSCAP. Separate applications, interviews, or verifications are not needed for NYSCAP enrollees to receive SNAP.

Seniors who are ineligible for ESAP and NYSCAP may still qualify for SNAP. SNAP rules include special provisions that expand access and maximize benefits for seniors and people with disabilities, including expanded categorical eligibility, medical deductions and, in some cases, a higher resource test.

This chart (over) compares rules, requirements, and benefits for these different SNAP projects, along with SNAP rules for those not meeting ESAP or NYSCAP criteria.
