

- Laundry
- Take out trash
- Grocery shop
- ~~-Pack lunches for kids~~

School meals are **free** for all students this year!

School breakfast and lunch keep kids fueled up and ready to learn. They save families time and money, too. See what's on the menu today!

Did you know: even when meals are free, your school still needs your household income info! Filling out a household income form helps your school *and* your family get benefits beyond school meals, like:

- Essential funding for schools that supports student learning
- Discounted utilities and internet access for families
- Discounted school fees for things like band instruments, athletics, technology, and more
- Fee waivers for college applications & admissions tests

It is fast, free, and confidential! Contact your school to learn more.
